Tunisia, Sousse

Bachelor's Degree in Computer Science

2021 – 2024

Relevant Coursework: Intro to CS and Algorithms; Operating Systems; Algorithms; Data Structures; Databases; Database Administration; Intro to Networks;

PROFESSIONAL EXPERIENCE

Independent AI/Software Engineer Freelancer ([Upwork](#))

Tunisia, Sousse

Software Engineer

Sept 2024 – Present

- Worked on multiple projects with international clients, delivering AI and full-stack solutions tailored to business needs.
- Contributed to projects involving platforms and ecosystems similar to Airbnb, focusing on API integrations, data handling, and scalable backend services.
- Designed, developed, and maintained features using JavaScript/TypeScript, REST APIs, and modern backend frameworks.

Insimplo

Tunisia, Sousse

Software Developer Intern

July 2025 – Aug 2025

- Customized a lightweight AI model for internal needs, so that it can automatically generate high quality user stories and the required sub tasks for backend, frontend and UI/UX, and other types based on given feature description
- Design and Develop a Desktop application for the AI model to generate the user stories through a Multi-step Wizard Shell, and the ability to then export the user stories to different formats including JIRA Integration.
- Utilized a tech stack including .NET, SQLite, Docker, Azure, Finetuned Gemma lightweight AI model.

Proxym-IT

Tunisia, Sousse

Software Developer Intern

Feb 2024 – June 2024

- Design and Develop a Crowdfunding platform for startups, which creates a new channel for startups to pitch their ideas and look for investments, and investors can invest on the platform.

- Utilized a tech stack including React, React Native, NestJS, PostgreSQL, Docker, Azure, DialogFlow, and Redis to enhance platform functionality, leading to improved system performance and scalability

PERSONAL PROJECTS

- Drawly** ([Github Repo](#)) **Apr 2025**
- Drawly is a real-time collaborative whiteboard application built with Java RMI, enabling multiple users to draw together on shared canvases organized by rooms.
- Hackwarts 2.0, Choufli Hal 2.0**([Github Repo\(Hackwarts\)](#), [Github Repo\(Choufli Hal\)](#)) **Mar 2025**
- Two modern, features-rich hackathons registration portals built for Google Developer Group ISSAT Sousse's "Choufli Hal" and "Hackwarts" events developed with NextJS with the contribution of GDGC Members
- URL Shortener**([Github Repo](#)) **Nov 2024**
- An URL Shortener Project for my university club Google Developer Groups on Campus ISSAT Sousse to share links professionally developed with Golang and ReactJS.
- Delify Discord Bot** ([Github Repo](#)) **Jan 2022**
- A discord bot made to serve some functionalities such as playing music and creating playlists made with JDA (Java Discord API).
- Mr.Labloub** ([Demo Video](#)) **Apr 2023**
- A Unity game I developed called "Mr.Labloub" for a university project, where you collect garbage and plant trees in an attempt to spread awareness to preserve our planet .
- Task Flow** ([Github Repo](#) | [Demo Video](#)) **Dec 2023**
- An android application provides a user-friendly interface for managing tasks developed with Android Java and Spring Boot.

ACTIVITIES AND LEADERSHIP

- Google Developer Groups on Campus - ISSATSo** **Sousse, TN**
Team management member ([GDG Platform](#)) Nov 2022 – Present
- ENACTUS - ISAMM** **Manouba, TN**
 Project Department member Sep 2021 - June 2022
- Robotics Club - ISAMM** **Manouba, TN**
 Training Department member Sep 2021 - June 2022

SKILLS AND OTHERS

- Programming Languages:** Golang, Java, Python, Javascript, Typescript, C#
- Technologies & Tools:** Gofiber, Go gin, Discord API (Discord.py/Discord JDA/Disgo), Azure, AWS React JS, Docker, Git, Next.js, (Mongodb, MySQL, PostgreSQL), Redis, DialogFlow, NestJS, Unity.
- Online Courses and Certificates:** [Qwiklabs GCP tracks](#), [Docker Training Course for the Absolute Beginner](#)
- Languages:** Arabic (Native), English (Professional proficiency), French (Elementary proficiency)
- Hobbies:** Playing music, video games, practicing sports and cooking.
